

MAYOR MINUTES

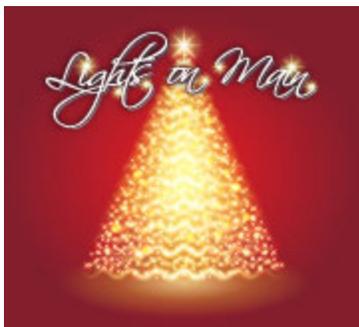

Harrison Takes 29 “Best of Gloucester County” Awards.

Dear Fellow **Harrison Residents**,

It is with great pleasure that I share with you that 29 businesses in our community were recently awarded the “**Best of Gloucester County**” designation by the Gloucester County Chamber of Commerce. This is clearly a reflection of the tremendous pride we all take in not just being part of such a wonderful community, but also supporting the businesses that serve our hometown every day. Harrison was the most recognized town in the county in 2017, just as it was in 2016. Sewell finished second with 21 and Pitman came in third with 15.

Lights On Main is Best Event – Again!

What started out a few years back as an idea to bring our community together during the holiday season has blossomed into a true staple of Harrison Township. Lights On Main serves as an example to all the surrounding communities of just how united we are and how we all share in the sense of community that is so often missing in other areas. 2017 marks the fourth consecutive year that Lights On Main was voted Best Event in Gloucester County!

Congratulations and thanks go to our Recreation Committee. Along with the Township Administrative leadership, they do a fantastic job of producing the event and ensuring there is truly something for everyone to enjoy. Each year the attendance grows, from just over 1500 in 2012 to an estimated 5,000+ reveling on Main Street last year. What a great way to start the holiday season together!

And the full list of Harrison WINNERS include:

NEW Inspira Medical Center Update

Left to Right: Chief Mills, Deputy Mayor Clowney, Mayor Manzo, Committeeman Heim, and Lieutenant Cundey.

In case you missed it, the ground breaking for the new Inspira Medical Center took place on May 24th. Representatives from across the state attended the ceremony to formally begin the construction of the new facility right here in Harrison Township. You will start to see activity in the next month or so with a projected completion date of September 2019. As previously stated, this is a real game-changer for the entire region and it's a big win for Harrison Township.

As the summer weather is upon us, take some time to get out and enjoy all the things happening in town like the Second Saturday events along Main Street, family time at William Wilt or Ella Harris, couples time at Heritage Winery or head to one of the great farm stands to enjoy the fresh local produce – the best peaches, corn, strawberries & asparagus on earth, right here in our home town. Any fruit or vegetable grown in Harrison tastes better! I am proudly biased, just like you.

Make it a great summer.

Together For Harrison Township,

Lou Manzo
Your Mayor
